

November is a great time to show thanks to your loved ones, friends, community, and complete strangers. Local food pantries, veterans, coat donations, are very popular choices for donations. But remember the best donation comes from the heart. Helping an elderly person put groceries in their car, opening the door to a mother carrying a baby, volunteering assisting the Salvation Army by ringing a bell at your local shopping center; there are several ways to show acts of kindness.

In our beautiful area we are blessed to have so much local support for donations and acts of kindness. If you are looking for a place to give a donation or volunteer please contact the below chambers to direct you to area resources.

**Green Lake Area Chamber of Commerce**
